Deadline for Filing	10 1 DEC 2020
Duration of the mission	
Number of years of experience	10 years of experience

I. Background

The Regional Food Security Reserve (RFSR) has been operational since 2016. It has dedicated governance bodies set up by ECOWAS statutory bodies, through a Management Committee and its Executive Bureau. The implementation of the operations of the RFSR is ensured by the RAAF through a dedicated division. All the detailed procedures (procurement, reception, quality control, storage, destocking, etc.) have been defined and are recorded in a procedures manual of the RFSR, in conformity with general ECOWAS procedures.

Since 2016, the various purchase operations through calls for tenders have provided the Reserve with a capital of more than 32, 000 tons of cereals, stored in five countries (Burkina Faso, Ghana, Mali, Niger, Nigeria). On the basis of the RFSR'S mobilization procedures, several interventions involving a total of more than 25, 000 tons have made it possible to respond to requests from four countries facing crises that met the Reserve's intervention criteria (Nigeria, Niger, Mali and Burkina Faso). In addition, a technical rotation of stocks stored in Ghana was organized.

The purpose of this notice is to recruit an individual consultant to conduct a study on the comparative economic analysis of the operations and organization scheme of the Regional Food Security Reserve (RRSA).

II. Objective of the mission

The general objective of the service is to conduct an evaluation of the technical, economic and financial performance of the operations of the ECOWAS Regional Food Security Reserve, from supply to destocking, in order to propose ways of

optimizing the Reserve's operations and improving its efficiency for the benefit of the people of West Africa.

III. Qualifications, skills and experience

The consultant will need to have the following skills:

- Hold at least a Bachelor's degree in Economics or a related discipline;
- Have at least 10 years of professional experience ;
- Have a very good knowledge of the food security issue in West Africa;
- Have a very good knowledge of the West African regional storage strategy and/or national storage strategies in West Africa ;
- Have good references and experience in business model design;
- Have a very good knowledge of national and regional mechanisms for the prevention and management of food crises;
- He should have a very good knowledge of the regional institutions and actors involved in ECOWAP/CADP and in the implementation of the Regional Food Security Reserve;
- Have a good knowledge of supply chain management ;
- Have very good writing skills;

IV. Language

Fluency in one of the three working languages of ECOWAS (English, French, Portuguese) is required. Good linguistic knowledge (written and oral) of a second working language of the Commission would be an asset.

V. Location and start of the mission

The location of the mission will be determined according to the context. The mission will start within two weeks at the latest following the signature of the intellectual service contract.
