

## Notice of Expressions of Interest Selection of individual consultants

|                             |                                                                                                                                                    |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Organization:</b>        | Regional Agency for Agriculture and Food (RAAF)                                                                                                    |
| <b>Selection Method:</b>    | Individual Consultant Selection                                                                                                                    |
| <b>Selection reference:</b> | <b>ARAA/BUDGET/2026/SCI/022</b>                                                                                                                    |
| <b>Subject:</b>             | <b>Selection of a consultant to support RAAF in the implementation of an ISO 9001 quality management system for the call for proposals process</b> |
| <b>Publication date:</b>    | <b>August 18, 2026</b>                                                                                                                             |
| <b>Deadline:</b>            | <b>08 September 2026</b>                                                                                                                           |

1. As part of the implementation of ECOWAP adopted in 2005, RAAF has chosen to orient its certification process towards the process of managing calls for project proposals, an area in which it aims to play a leading role and to assert itself as a reference. To this end, it is planned to recruit **a consultant to support RAAF in the implementation of an ISO 9001 quality management system for the call for proposals process.**
2. The detailed terms of reference are available on the RAAF website (<https://araa.org/vacancies>) and can be downloaded through the following drive link: <https://11nq.com/9ifxzyl>
3. Applications are received no later than **September 08, 2026 at 11:59 p.m. GMT** by following the instructions best described in the terms of reference.
4. Interested consultants can obtain further information by writing to the following e-mail addresses: [procurement@araa.org](mailto:procurement@araa.org) cc: [ctienon@araa.org](mailto:ctienon@araa.org) , [bkpessiglo@araa.org](mailto:bkpessiglo@araa.org) with the subject line « **SCI022-ARAA-Certification ISO** ».
